

Nathalie González Pérez

Registered Behavior Technician (RBT) · BACB Certified

nathaliegp1411@gmail.com · 786-391-8558 · Hoboken, NJ 07030

PROFESSIONAL SUMMARY

Compassionate, BACB-certified Registered Behavior Technician with hands-on experience delivering ABA therapy in clinical, home, school, and community settings. Skilled in implementing Behavior Intervention Plans, Discrete Trial Training (DTT), and Natural Environment Teaching (NET), with accurate behavioral data collection using ABA Matrix and Office Puzzle. Currently expanding into UX design and applied AI, building end-to-end product case studies (Figma + Claude Code) alongside clinical work. Bilingual (English/Spanish); strong collaborator with BCBAs, families, and educators.

EXPERIENCE

Registered Behavior Technician — Delta-T Group

Nov 2025 – Present

North Bergen, NJ

- Deliver intensive 1:1 ABA therapy in a school-based setting using DTT and NET techniques.
- Collect and record accurate behavioral data to track client progress and support communication, social, and academic skill development.
- Collaborate with supervising BCBA and school staff to ensure consistent service delivery.

Registered Behavior Technician — Smart Behavior Therapy

Aug 2024 – Nov 2025 · Part-Time

Miami, FL

- Implemented individualized treatment plans for kindergarten and first-grade students in a school-based setting.
- Conducted 1:1 therapy sessions and documented behavioral data toward individualized goals, collaborating with teachers and BCBAs.

Registered Behavior Technician — Bee Positive Behavior Services

Aug 2024 – Nov 2025 · Part-Time

Miami, FL

- Implemented individualized behavior intervention plans in an in-home setting and communicated progress with families.
- Applied evidence-based ABA techniques to promote functional communication and daily living skills.

UX / PRODUCT DESIGN PROJECTS

Leaf — Plant Care App

Google UX Design Certificate Portfolio Project

- Led end-to-end UX process: personas, competitive audit, value proposition, and How-Might-We framing through hi-fi prototyping.
- Built a full design system and component library in Figma; developed with Claude Code via Figma MCP.
- Ran a usability study with 5 participants (SUS score: 76) and applied findings to refine key flows.

Cata — Wine Journal & AI Pairing Assistant

Personal Project

- Designed a responsive web app end-to-end, from sitemap and wireframes to a complete design system and hi-fi mockups.
- Built with Figma and Claude Code via Figma MCP, from concept through implementation.
